10% discount offered for tuition paid in full during September

Class is held weekly, and tuition is due on the firsts of each month. For instance, a student taking one ballet class would have one class, once per week, and tuition would be \$55 per month. A student taking one ballet and one jazz class would have each class once per week and tuition would be \$80 per month.

Tuition does not vary due to the number of weeks in the month. (Although some months will have three weeks based on school breaks, etc., some months will have five weeks. We also do not charge additional fees for recital rehearsals or extra rehearsals at the request of the instructor).

Students are welcome to make up missed classes in a similar class during that week.
